Hi Jennifer, thanks for the voicemail and thank you for getting EPA's comments to us in a timely manner – we appreciate it greatly. Reuben has been out of the office for a few days and I wanted to discuss the comments with him before touching base. We think we will eventually want to do a telecon meeting with you and the COE to discuss the comments – the team will need some time to digest all the comments from Cooperating Agencies first. We will be in touch before too long.

Hope you have a nice weekend (it's beautiful here in Juneau).

Thanks again,
Tim

Good morning,

Attached are EPA's comments on the PDSEIS. A hard copy of the letter was mailed from Seattle Friday.

Thank you for the opportunity to provide comments at this time. If you have any questions, please let me know.

Thank you,
